O/Ref. : 97/TRT 255/D.Bast/MH

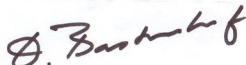

Subject : Approval of GULFMAR Select lube oils

Dear Mr. RAMESH,

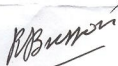

Further to our letter of 25th July, 1997, we have the pleasure to let you know that we decided to approve your GULFMAR Select 330/430/340/440 lubricating oils for application in all of our PC-type engines, according to needed viscosity and TBN-level. We will introduce this information in the next edition of our approved lube oil lists. This approval implies that the formulations and base oils remain unchanged.

We would appreciate if you could pay us a visit in Paris when you would be travelling in Europe.

Yours Faithfully,

D. BASTENHOF

R. BRISSON
